

K-LOVE broadcasts on FM 96.5 in my area and it is the only radio station I listen to. I listen to it every day, several times a day, sometimes all day long. It is a unique station public service station (listener supported) that provides a real and unique service to the people of Southern Oregon. Please ensure that we will continue to receive strong transmission of their signal. Thank you for your help! Anne E. Scott, high school teacher.
